TACHOGRAPH

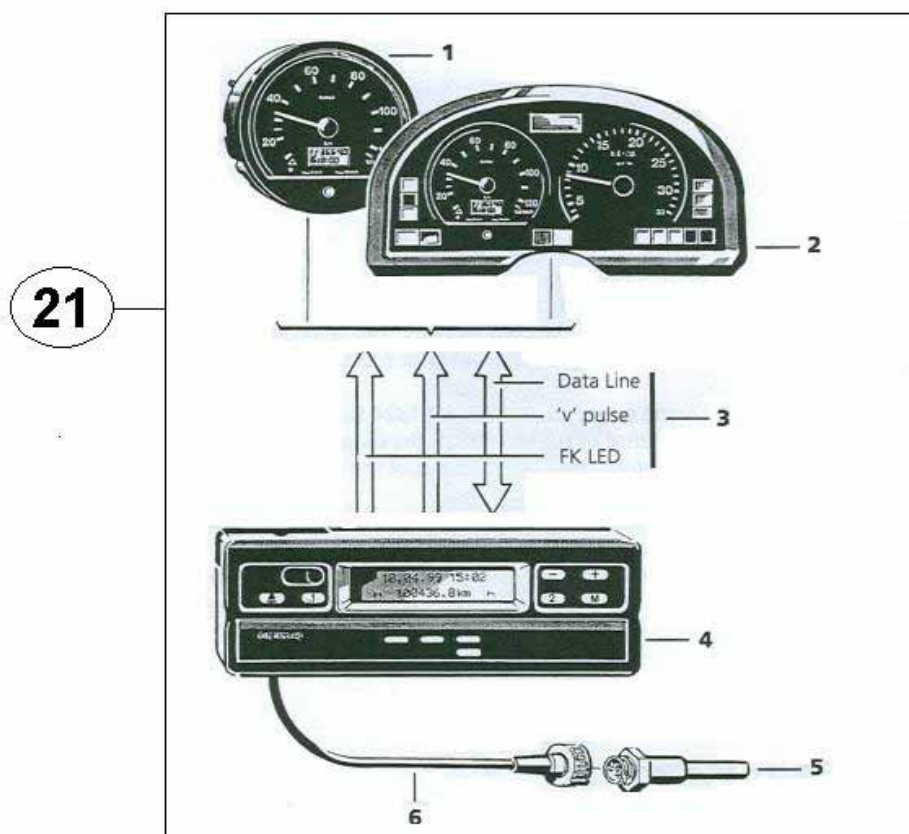

Fig. 1-4: System variant; MTCO - K-Line and Electronic Speedometer/ Cluster

- | | |
|-----------------------------|---------------------|
| 1 Electronic Speedometer | 4 MTCO 1324 |
| 2 Cluster | 5 KITAS 2170 sensor |
| 3 K-Line (serial interface) | 6 Sensor cable |

K-Line

K-Line is a standard asynchronous serial instrument interface with a specific physical structure. It is used for interchanging digital data and is available as:

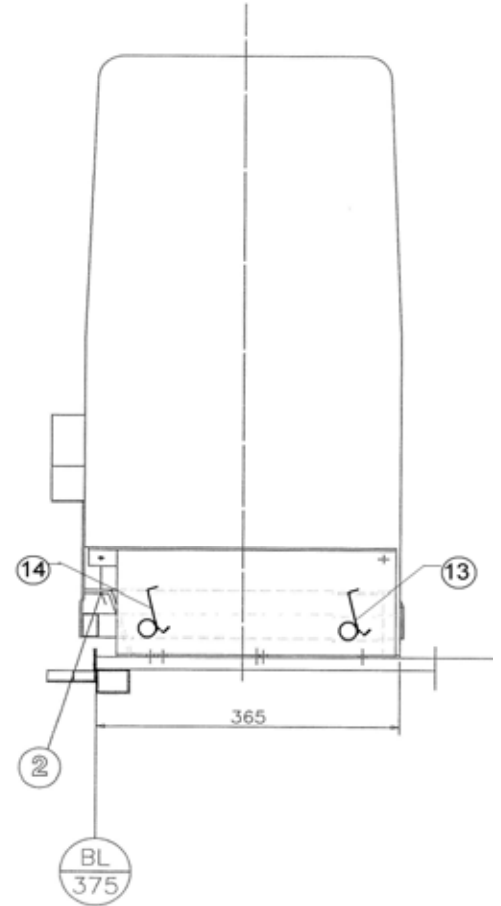

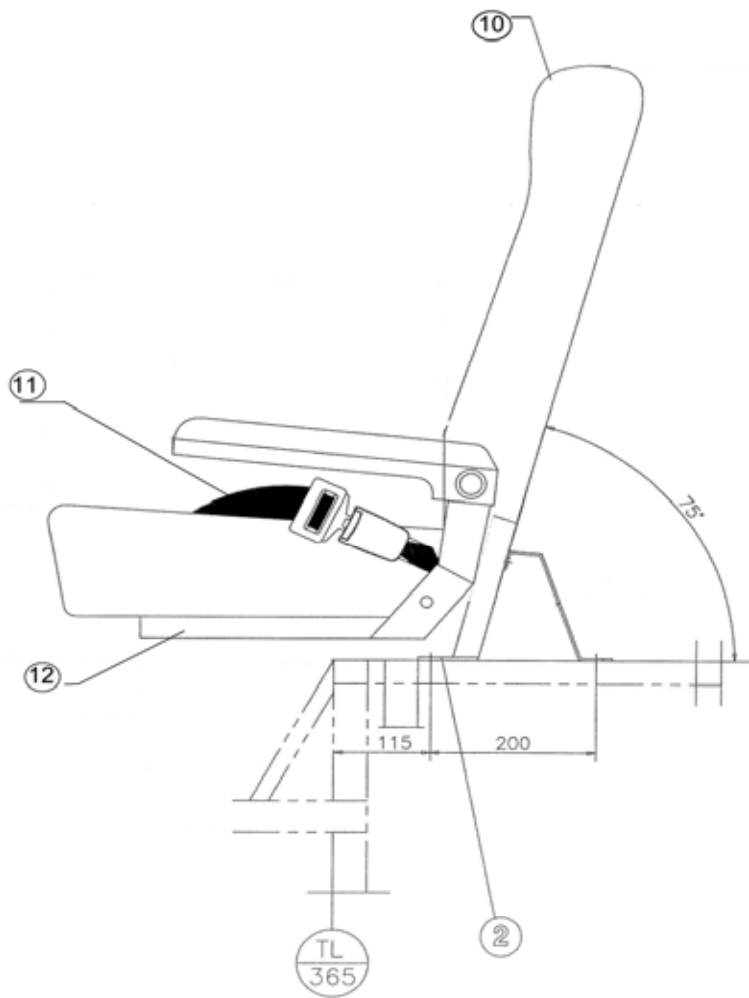

- Instrument interface between MTCO and Electronic Speedometer 1323.01
- or
- Diagnosis interface, e. g. vehicle FDS and suitable diagnosis test devices
