ALL PARTS AT THE CLICK OF A BUTTON.

The Online Accessories Shop.

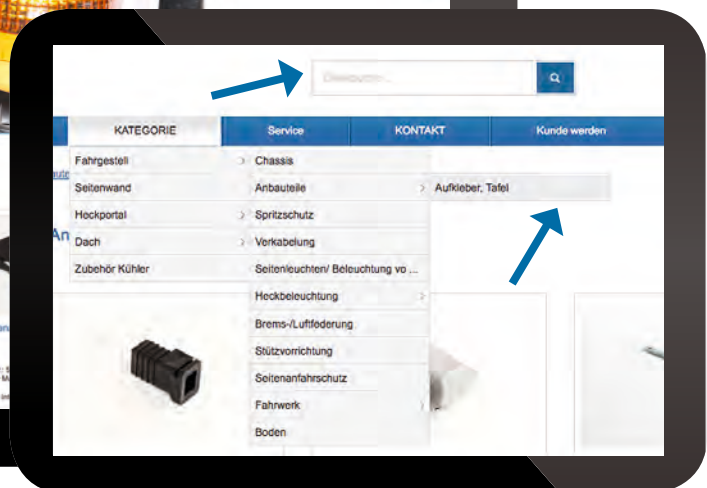

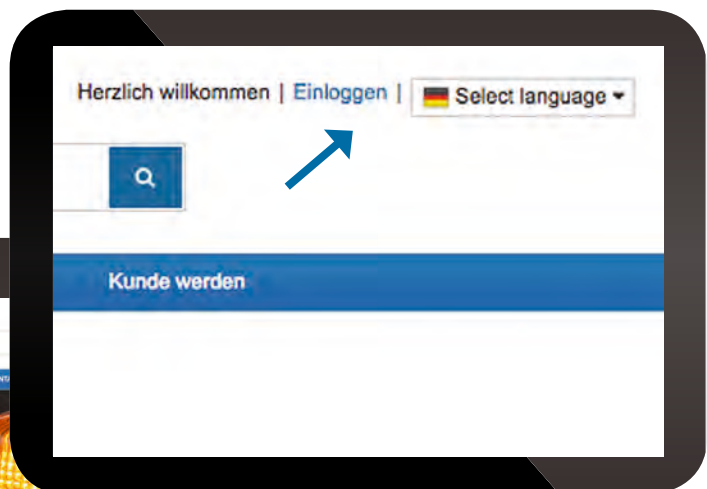

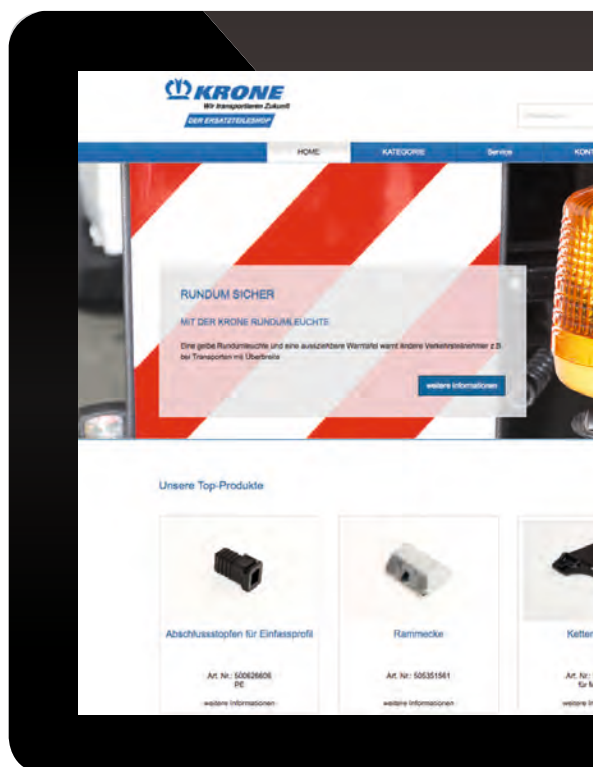

Krone now offers an Online Accessories Shop. Here you will find accessories from mud guards and electrical components to MultiSafe parts and tension straps for your trailer. All of which can be ordered quickly and easily.

Step 1.

At www.krone-trailerparts.com you can enter the Online Accessories Shop. Log in via the corresponding link. If you are not yet a customer, you can register there. You will receive your access data by the next day at the latest.

Step 2.

Search for accessories via the menu item 'Category'. In addition, you have the option of selecting the desired item via the search field. This can be done via text search, or by entering the item number.

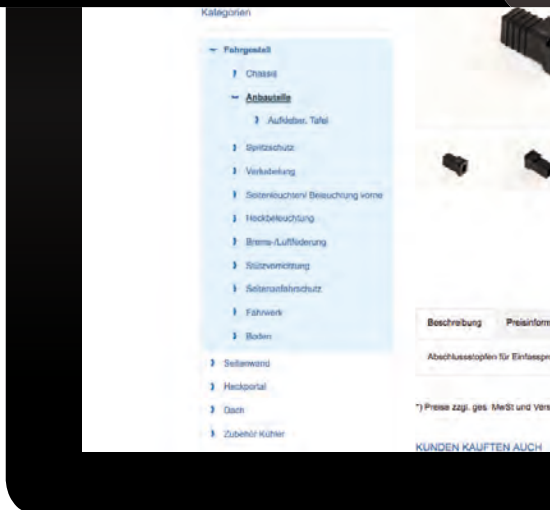

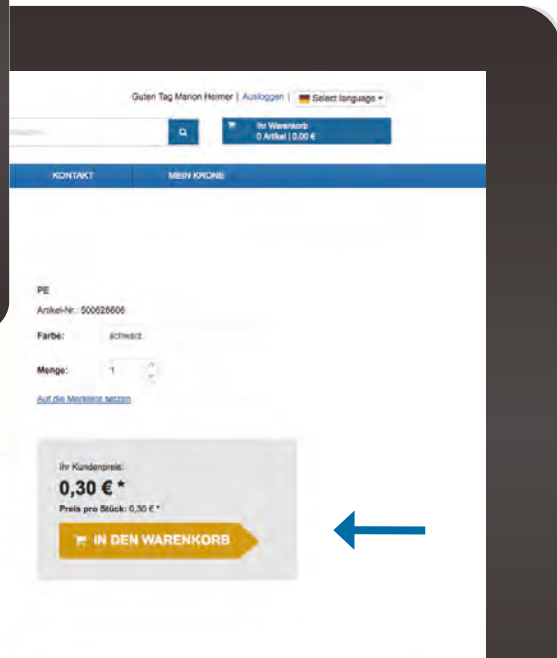

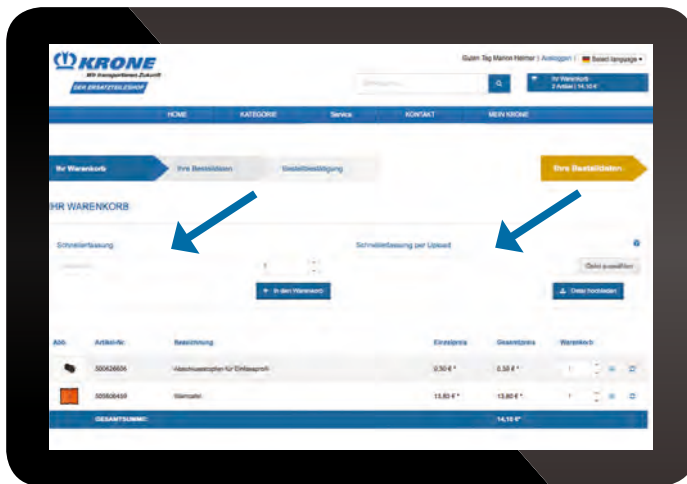

Step 3.

As soon as you have selected the desired category, a direct search appears on the left side of the page. This search is only used to select specific product categories.

Key advantages at a glance.

- › Easy registration on-line.
- › Clearly arranged choice of services.
- › Comprehensive product range.
- › Tailored components.
- › Easy to order.
- › Experienced service personnel.
- › Numerous, European depots.
- › Fastest possible spare parts supply.

Step 4.

Select the items you wish, and place them in the shopping cart. Then you can view these items in the login area and add other items to the shopping cart via fast entry. You can select items by using their number, or by uploading an SVC file.

Step 5.

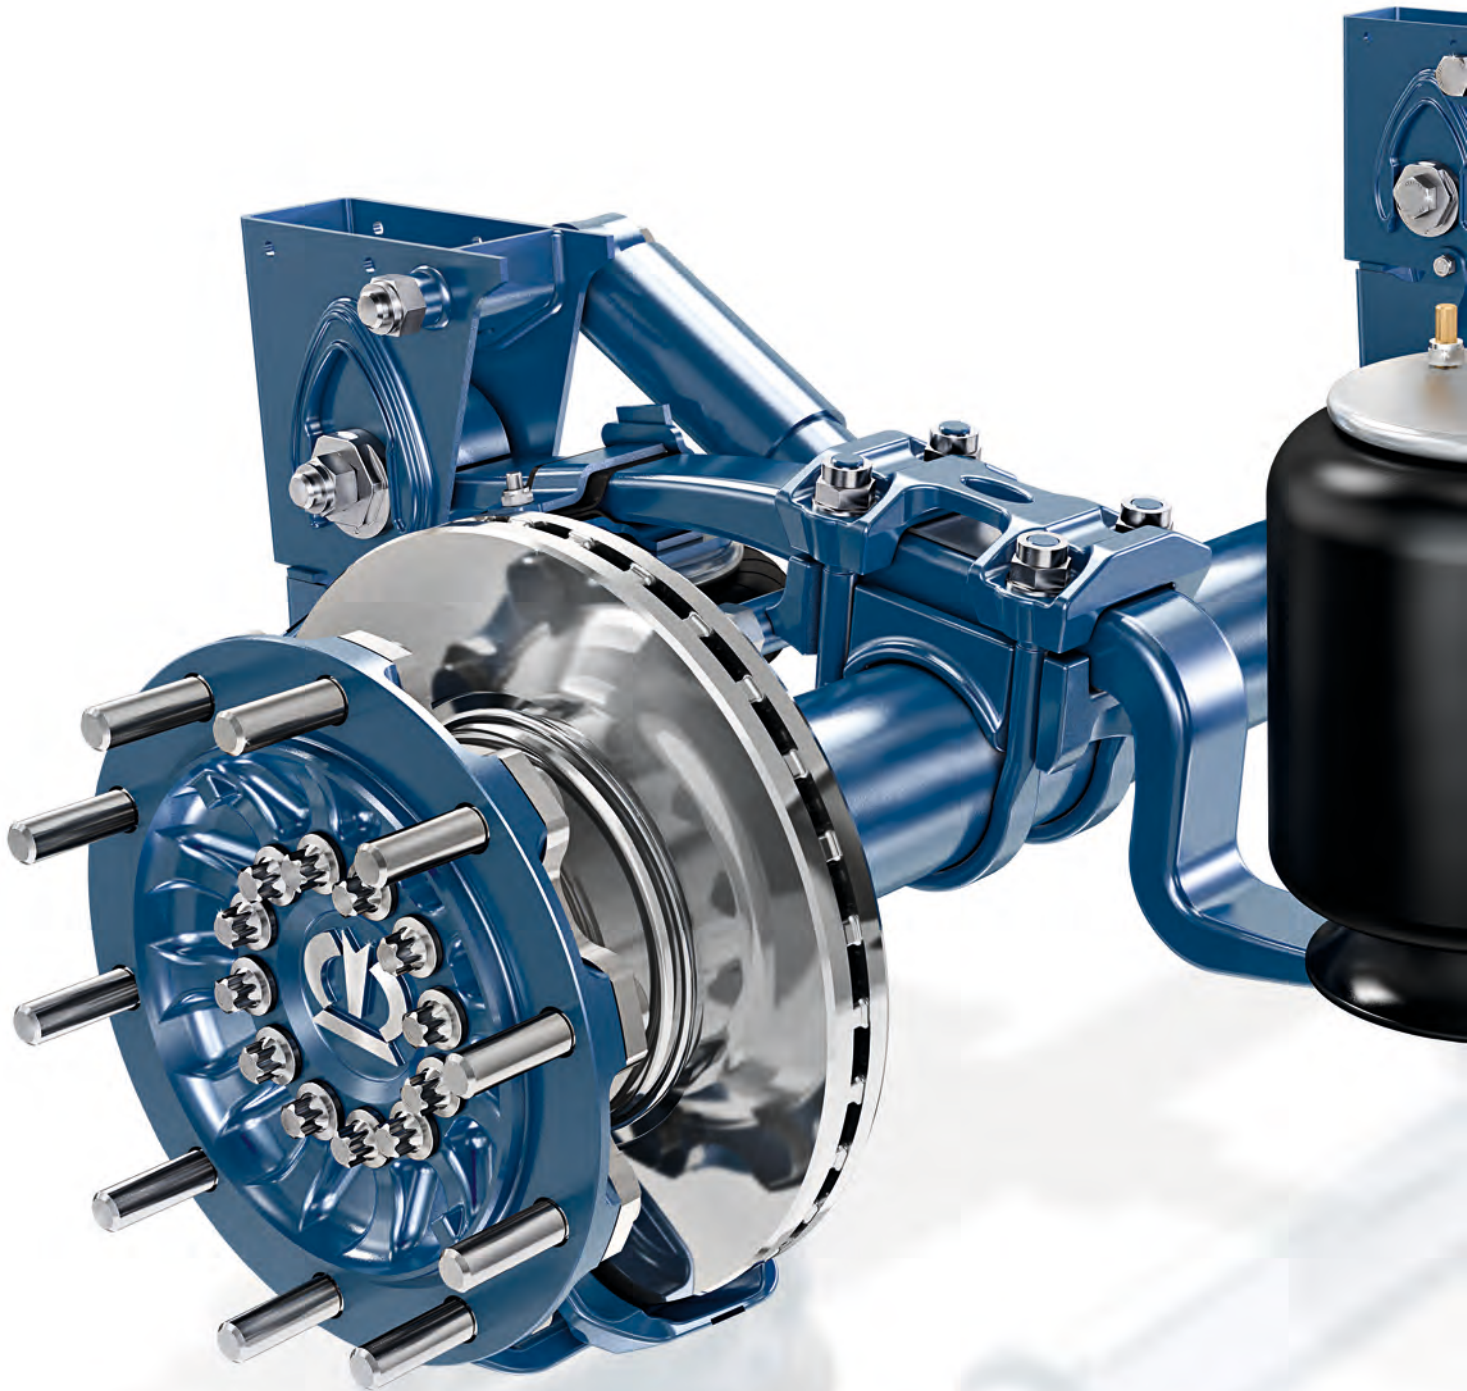

After your items are selected, you have the option to review your order. Here you can save a reference number, fleet number, and equipment number. After you have selected delivery address, shipping method, and shipping options, a total overview is displayed. Conclude the ordering process by accepting the T&Cs and by clicking the button 'Buy now'.

Contacting us.

The Accessories Online Shop offers you the option to contact us via a contact form. In addition you will find a list of all contact personnel. Our service areas, FAIR CARE, TELEMATICS, MOBILITY and AFTER SALES can also be reached in the shop under the menu item 'Service'.

KRONE TELEMATICS

*... one eye
always on my load.*

**Control is good.
My Krone telematics
is better.**

You are not always exactly where your trailer is standing. To help you keep full control, Krone has developed KRONE Telematics. The KRONE Telematics functionalities ensure that you are informed 24/7/365 about the status of your asset and of the goods loaded on the trailer. You have constant access to the position, the temperature and the technical information – from wherever you are. Made especially for the requirements described to us by our customers, KRONE Telematics not only saves you time and money but improves the information process of your company. You have the security that your valuable goods are under control.
