For the attention of Mr L.J.Mew.

Dear Sirs,

Re : Lubricant Approvals / yr letter WS 86-54.

The technical data under your code numbers for lubricants meet the requirements for the Atlas Copco air compressor models as listed :

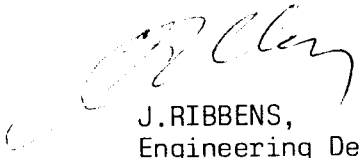

|                                                  |                 |
|--------------------------------------------------|-----------------|
| Reciprocating BE, BT, IE, DA, DR, DT, EA, ER, ET | : Code 15A      |
| Oil Injected Screw GA, XA(H)                     | : Code 13C      |
| Oil Injected Screw GA, GR, XR(H)                 | : Code 15B      |
| Small recip LE, LT                               | : Code EL-3146N |

The brand names you intend to attribute to the Code numbers can be listed on our Service News ECB573 as soon as you announce the introduction on the market, except for Code 15B for which the results are awaited of the field test. And when a new edition of the ECB573 is launched, the Atlas Copco Sales Cies become informed of your products.

Your cooperation in selecting the right lubricant is appreciated.

Code 15A : Q8 Schubert  
Code 13C : Q8 Holst  
Code 15B : Q8 Schumann

Yours faithfully,  
ATLAS COPCO AIRPOWER N.V.

  
J. RIBBENS,  
Engineering Department.
