Subject: WG: FW: Extension of engine oil "Q8 Formula G Long Life SAE 5W-30"

Dear Ms. Warnaar,

unfortunately we currently do not have resources to work on engine oil release extensions. At first priority we handle initial releases. Extensions will be proceeded at a later point in time. Until that your releases will remain valid.

We will contact you when we start working on the extension processes.

I wish you a healthy and successful new year !

Best regards

Michael Seemann
